TESTIMONIALS

"We hired Charlie and the band for our wedding at the St. Regis Punta Mita. Charlie was very responsive during the planning stages and accommodating on our set list and special songs. The band absolutely rocks and had every guest dancing at our reception. Our guests could not stop talking about how good the band was. We are so happy we hired them for our wedding and would recommend them to anyone!"

— Cole, Colorado

"Charlie and Stevie played at our vow renewal in Punta Esmeralda just last week. What a memorable event it was! They added such a magical vibe that we won't soon forget. To top it off, the last song of the night was the same song from our wedding 11 years ago — played just as we were watching fireworks by the ocean. I have no words. Truly amazing."

— Jamie, Toronto

FAQ

Do you travel outside of Puerto Vallarta/Bahia de Banderas?

Yes! We are happy to perform at events in other parts of Mexico. We've performed across Mexico including Guadalajara, San Jose del Cabo, Zihuatanejo, San Miguel de Allende and beyond.

How do payments work?

Our preferred methods of payment are via Zelle or PayPal. We have a U.S. bank account and it's just easier than having you bring a ton of cash with you to Mexico!

Can we request special songs?

Absolutely! Every booking includes custom song requests — we're happy to learn your special songs depending on fit and lead time.

Do you have experience with wedding planners and coordinators?

Yes! We work closely with planners and coordinators throughout the process to make sure every detail is handled smoothly. We're used to working within venue timelines and coordinating with your full vendor team.

How far in advance should we book?

Most couples book 6–12 months ahead, especially for peak season (November–April). We recommend reaching out early to reserve your date.
